

In the Name of God
Scientific Resumes (CV)

Ramin Sadeghian
Associate Professor
Industrial Engineering
Payame Noor University
Birth: 1978/11/02, Tehran, Iran
Email: ramin_sadeghian@yahoo.com
sadeghian@pnu.ac.ir
Mobile: (+98)9373800383

The Abstract Statistics of Researches (Updated: 2023/04/01)

1	Article	The number of articles: 66
2	Conference	The number of conference papers: 34
3	Book	The number of books: 11
4	Research Plan	The number of research plan: 8
5	Lecturer	The number of lecturer: 3
6	Supervisor	The number of thesis supervisor (Ph.D. & M.Sc.): 44
7	Advisor	The number of thesis advisor (Ph.D. & M.Sc.): 25
8	Editorial Board	The number of editorial board: 2
9	Editing	The number of editing: 1
10	Honors	The number of honors: 4
11	Paper Refereeing	The number of paper refereeing: 135
12	Festival Refereeing	The number of festival refereeing: 3
13	Book Refereeing	The number of book refereeing: 2
14	Research Plan Refereeing	The number of research plan refereeing: 1
15	Executive Responsibility	The number of executive responsibility: 20

The Details of Researches (Updated: 2023/04/01)

No.	Research Type	Subject / Topic
1	Article	A New Probability Density Function in Earthquake Occurrences, Journal of Industrial Engineering International, January 2008, Vol. 4, No. 6, 1-6.
2	Article	Applying Semi-Markov Models for Forecasting the Triple Dimensions of Next Earthquake Occurrences, Dynamics of Continuous, Discrete and Impulsive Systems - Series B-Application, 2008, Volume 15, Number 3b, pp. 395-416.

The Details of Researches (Updated: 2023/04/01)		
3	Article	Applying Semi-Markov Models for forecasting the Triple Dimensions of Next Earthquake Occurrences: with Case Study in Iran Area, International Journal of Industrial Engineering and Production Research, 2008, Volume 19, Number 4, pp. 57-67.
4	Article	Comparison of the performance of theory of constraints with fuzzy linear programming in fuzzy combined production problems, International Journal of Industrial Engineering and Production Management, 2019, No. 2, Volume 21, pp. 1-10.
5	Article	How to Use MRP in Continuous Production Industries When Order Type is Lot for Lot, International Journal of Industrial Engineering and Production Research, June 2010, Volume 21, Number 1, pp. 17-22.
6	Article	An evaluation model for measuring customer satisfaction level in a water supply domain: case study-water supply in Hamedan, Water Policy, April 2011, Volume 13, pp. 490-505.
7	Article	The Effects of Zoning Method on Forecasting of the Next Earthquake Occurrences by Semi-Markov Models, Annals of Geophysics, Oct. 2010, Volume 53, No. 5-6, pp. 83-97.
8	Article	Continuous Materials Requirements Planning (CMRP) Approach when Order Type is Lot for Lot and Safety Stock is zero and its Applications, Applied Soft Computing, Dec. 2011, Vol. 11, Issue 8, pp. 5621-5629.
9	Article	Forecasting Time and Place of Earthquakes Using a Semi-Markov Model (with Case Study in Tehran Province), Journal of Industrial Engineering International, August 2012, doi: 10.1186/2251-712X-8-20.
10	Article	The use of multi-indicator decision-making models in a multi-period manner using regression equations, International Journal of Industrial Engineering and Production Management, Shahrivar 2013, No. 2, Volume 23, pp. 140-148
11	Article	Finding effective solutions in multi-objective combined optimization problems using elastic constraints method, International Journal of Industrial Engineering and Production Management, spring 2013, number 1, volume 25, pp. 31-43.
12	Article	Using rough data coverage analysis to evaluate suppliers, case study: Iran Transfo Industrial Group, International Journal of Industrial Engineering and Production Management, 2013.
13	Article	Using the clustering method and TOPSIS to select suppliers with limited supply, production and operations management, 6th period, number (1), series (10), spring and summer 2014, pp. 186-171 ,
14	Article	Fuzzy rules extraction based on deterministic data (Case Study: Bank's customers rating), Jordan Journal of Mechanical and Industrial Engineering, Vol. 8, No. 6, December 2014, pp. 409-415.
15	Article	Determining Order Quantity and Re-Order Point in Non-Cost Based Inventory Models with Fuzzy Demand, Journal of Engineering and Technology, Vol. 5, No. 2, July 2015.

The Details of Researches (Updated: 2023/04/01)		
16	Article	An Inventory Model for Tri-stage Supply Chain with a Warehouse, Stochastic Demand and Multi Retailers and Vendors, International Journal of Operations and Logistics Management, Vol. 4, No. 2, June 2015, pp. 125-138.
17	Article	A decision support system based on artificial neural network and fuzzy analytic network process for selection of machine tools in a flexible manufacturing system, International Journal of Advanced Manufacturing Technology, Vol. 179, No. 5-8, July 2015, DOI: 10.1007/s00170-015-7440-4.
18	Article	Presenting an inventory model in a three-level supply chain considering possible demand, Sharif Scientific Research Journal (Industrial Engineering and Management), 2014.
19	Article	Production and Warranty Optimal Period in Deteriorating Production Systems by Considering Inspection of both Manufacturing Equipment and Products Simultaneously, European Online Journal of Natural and Social Sciences, Special Issue on New Dimensions in Economics, Accounting and Management, Vol.4, No.1, 2015, pp. 1836-1853.
20	Article	Key Factors in New Product Development in Automotive Industry's Trademark, Journal of Applied Environmental and Biological Sciences, 2015, Vol. 5, No. 9S, pp. 467-471.
21	Article	Publication of the article 2015
22	Article	Article published, Qazvin magazine, 2015
23	Article	Article published, 2015
24	Article	Article published, IUST University, 2016
25	Article	Article published, IUST University, 2016
26	Article	Article published, 2017
27	Article	Publication of the article, Tomorrow Management Journal, 2018
28	Article	Publication of the article, Bu Ali Sina Journal, 2018
29	Article	Publication of the article, Plose One Journal, 2018
30	Article	Publication of the article, IJTE, 2018
31	Article	Publication of articles, new researches in decision-making, 2019
32	Article	Publication of the article, AJGS, 2018
33	Article	Publication of the article, Road magazine, 2021
34	Article	Article Publishing, Tomorrow management, 2019
35	Article	Article Publishing, Journal of Economics and Urban Management, 2019
36	Article	Publishing of the article, Neural Computing and Applications*2019
37	Article	Article Publishing, research in its operations and applications, 2019
38	Article	Publication of the article, Peer Research Nest, 2019
39	Article	Publication of the paper, Int. J. of Supply and Operations Management, 2019
40	Article	Publishing articles, transportation research papers, 2020
41	Article	Publication of the article, Industrial Management Journal, 2020
42	Article	Publication of the article, Ergonomics magazine, 2020
43	Article	Publishing articles, transportation research papers, 2021
44	Article	Article publishing, industrial engineering researches in production systems, 2020

The Details of Researches (Updated: 2023/04/01)		
45	Article	Article acceptance, Interciencia magazine, 2018
46	Article	Article publication, supply chain management magazine, 2021
47	Article	Article publication, JQEPO magazine*2020
48	Article	Publication of the article, IJIEPP magazine, 2021
49	Article	Article publishing, productivity management, 2021
50	Article	Publication of articles, new researches in decision-making, 2021
51	Article	Publishing articles, transportation research papers, 2021
52	Article	Publication of the article, Money and Economy Quarterly*2021
53	Article	Publication of the article, Computers and Operations Research, 2021
54	Article	Article publishing, supply chain management, 2021
55	Article	Publishing articles, researching its operations and applications, 2022
56	Article	Publication of the article, financial management strategy, 2022
57	Article	Publication of articles, new researches in mathematics, 2022
58	Article	Article publishing, production and operation management, 2022
59	Article	Publication of the article, the government's policy in controlling the Covid-19 virus based on the game theory approach: closing businesses or buying vaccines, management strategies in the health system*2021
60	Article	Publishing article, IJE, A Modified Benders Decomposition Algorithm for a Last-Mile Network with Flexible Delivery Options, 2022
61	Article	Publishing article, Modeling in Engineering (JME), Presenting a Hybrid Algorithm for Solving the Flexible Oil Refinery Production Scheduling Problem, 2022
62	Article	Article publishing, production and operation management, modeling of single machine scheduling problem with batch production and random failure and solving it by branch and bound method, 2022
63	Article	Acceptance of the paper, soft computing, determining the equilibrium point in dynamic two-player discrete Markoff games with transition probabilities solely influenced by competing strategies, 2022
64	Article	Acceptance of the article, industrial engineering research in production systems, multi-level supply chain network design based on multiple objectives of reliability, cost and delivery time using meta-heuristic solution method, 2023
65	Article	Article Publishing, Journal of Cleaner ProductionIA multi-objective stochastic programming approach with untrusted suppliers for green supply chain design by uncertain demand, shortage, and transportation costs, 2023
66	Article	International Journal of Applied Operational ResearchIPaper Acceptance, Multi-mode resource constrained time-cost trade off problem by including tardiness penalty cost of renewable resources and Fuzzy duration, 2023
67	Conference	Presentation of an algorithm for solving multi-objective decision models using stochastic solutions, 1389, 7th International Industrial Engineering Conference, Isfahan University of Technology, Isfahan.

The Details of Researches (Updated: 2023/04/01)		
68	Conference	Extracting fuzzy rules from deterministic data using clustering methods, 1389, 7th International Industrial Engineering Conference, Isfahan University of Technology, Isfahan.
69	Conference	Performance evaluation of suppliers using data envelopment analysis and reduction strategy, 2019, 5th International Strategic Management Conference, Razi Conference Hall, Tehran.
70	Conference	Presenting a combined method based on the ant colony algorithm to determine the accumulated size in public production structures with limited resource capacity, 2019, the fourth international conference of the Iranian Association for Operations Research, Gilan University, Rasht.
71	Conference	The combination of minimum maximum loss method (MRA) and interval data envelopment analysis (IDEA) for rating the efficiency of suppliers (case study of Iran Transfo Company), 2013, the third national conference of data envelopment analysis, Islamic Azad University, Firuzkoh branch.
72	Conference	Evaluating supply chain performance using fuzzy data coverage analysis considering fuzzy input and output indicators for units, 2013, Second International Logistics and Supply Chain Conference, Tehran.
73	Conference	Evaluation of supply chain performance using fuzzy data envelopment analysis, 2018, 8th International Industrial Engineering Conference, Amirkabir University of Technology, Tehran.
74	Conference	Improving the performance of mean-variance model by using input prioritization with fuzzy model, 2013, the fifth international conference of the Iranian Society of Operations Research, Tarbiat Moalem University of Azerbaijan, Tabriz.
75	Conference	Using AHP and Fuzzy TOPSIS to determine the condition of the machine in developing an optimal maintenance and preventive maintenance program, 1391, the first national conference on the improvement of accounting management and industrial engineering topics in organizations, Islamic Azad University, Gachsaran branch, Kohkiluyeh and Boyer Ahmad.
76	Conference	Improving the reliability of a missile system using a multi-objective model, 1392, 10th International Conference on Industrial Engineering, University of Tehran, Tehran.
77	Conference	The use of Ant optimization method in solving the waste concentration model in one-dimensional cutting problems considering the edge waste of the cutting machine, 1393, 11th International Conference on Industrial Engineering, Tarbiat Modares University, Tehran.
78	Conference	Presentation of fractional mathematical model in production planning with fuzzy approach (case study: Behin Gostar Getty Company), 2013, the first national conference of new approaches in business management, Tabriz University, Tabriz.
79	Conference	Key effective factors in the development of new clean products in Iran's automotive industry, 2013, the first international conference on management in the 21st century, International Broadcasting Conference Center, Tehran.

The Details of Researches (Updated: 2023/04/01)

80	Conference	Solving the assembly line balance problem in the multi-option operation sequence mode using the integer linear programming model, 2014, the first international conference on modern researches in industrial management and engineering, Ide Pardazan Capital Ilia Managers Company, Tehran.
81	Conference	The second industrial management conference, 2017
82	Conference	Conference paper acceptance, 2018
83	Conference	Conference paper acceptance, 2018
84	Conference	Industrial Engineering Conference, 2018
85	Conference	Industrial management and engineering conference article, 2018
86	Conference	International Conference on Innovation and Research in Engineering Sciences of Georgia, 2018
87	Conference	Conference acceptance, management and organizational excellence, 2018
88	Conference	International interdisciplinary conference on management and engineering, 2019
89	Conference	Researches in Science & Engineering, International Conference, 2019
90	Conference	International Industrial Engineering Conference, 2019
91	Conference	International Industrial Engineering Conference, 2019
92	Conference	Industrial and systems engineering conference, 2020
93	Conference	Industrial engineering conference, 2020
94	Conference	Industrial engineering conference, 2020
95	Conference	Acceptance of the conference paper Industrial Engineering, Productivity and Quality, 2020
96	Conference	Acceptance of the conference paper, international conference on hospital construction and resource and equipment management, 2021
97	Conference	Acceptance of the conference paper, the 7th International Conference on Mechanics, Construction, Industries and Civil Engineering*2021
98	Conference	Acceptance of the conference paper, the first national conference on optimization and new problem solving methods, 2021
99	Conference	Industrial engineering conference, 2016
100	Conference	Publication of the paper of the 18th International Conference on Industrial Engineering, 2021
101	Book	25-year performance of Sanat and Mine Bank, Sanat and Mine Bank Publications, 2014, Tehran ,
102	Book	What You Don't Know About Earthquakes, Shoka Publications, 2016, Tehran.
103	Book	175 ways to manage time, Aba Publications, 2018, Tehran.
104	Book	A comprehensive guide to multi-criteria decision-making, Simia Publications, 2019, Tehran.
105	Book	Lingo Modeling Language (Volume 1), 2013, Bu Ali Sina University Publications, Hamedan.
106	Book	Lingo Modeling Language (Volume 2), 2013, Bu Ali Sina University Publications, Hamedan.
107	Book	Multi-criteria decision making, 2018
108	Book	Solving multi-criteria decision making problems, 2019
109	Book	Introduction to the stock exchange, 2019

The Details of Researches (Updated: 2023/04/01)		
110	Book	100 Ideas That Revolutionized Marketing, 2019
111	Book	Research reference, 2020
112	Research Plan	Applying a homogeneous and discrete semi-Markov model to investigate earthquakes in Tehran province, research project, 2014, Iran University of Science and Technology, Tehran.
113	Research Plan	Introducing the continuous material requirements planning approach in L4L order type mode and without reserve storage and its applications, research project, 2019, Bu Ali Sina University, Hamedan.
114	Research Plan	Research Plan, 2014
115	Research Plan	Research Plan, 2017
116	Research Plan	Research Plan, Ardabil Water and Wastewater Organization, 2018 - 2020
117	Research Plan	Research plan, Iran Statistics Center, 2020
118	Research Plan	Research Plan, 2020
119	Research Plan	Research Plan, 2021
120	Lecturer	Lecturer, MATLAB software, Al-Zahra University, Tehran, 2012
121	Lecturer	Lecturer, Lean Production Workshop, Mohallat Islamic Azad University, 2013
122	Lecturer	Lecturer, proposal writing workshop, Payam Noor University, 2018
123	Editorial Board	Membership in the editorial board of Industrial and Systems Engineering, 2017
124	Editorial Board	REDR editorial board, 2020
125	Editing	Scientific editing, systems analysis book, 2019
126	Honors	Top Researcher of Parand Center, 2014
127	Honors	The best researcher of Payam Noor University in the country, 2020
128	Honors	The director of the sample group of the graduate education center, 2021
129	Honors	Selection of the best idea in the fourth event of new models and solutions in cooperation between universities and society and industry of the Ministry of Science, Research and Technology, 2023
130	Festival Refereeing	Refereeing the movement festival, 2015
131	Book Refereeing	Refereeing the system analysis book, 2017
132	Book Refereeing	Book Refereeing, production planning, 2018
133	Research Plan Refereeing	Research Plan Refereeing, 2019
134	Executive Responsibility	Corresponding of the basic science and engineering research group, 2013

The Details of Researches (Updated: 2023/04/01)		
135	Executive Responsibility	Supervisor of examinations of Tehran province, 2014
136	Executive Responsibility	Member of the Expert Council for Scientific Decisions in the field of Industrial Engineering, 2013 – Current
137	Executive Responsibility	Agent of the Industrial Engineering Department at the Testing and Testing Center, 2014
138	Executive Responsibility	Member of the Educational and Research Council of Industrial Engineering Department of Tehran Province, 2016.
139	Executive Responsibility	Member of Parand Center's visiting professor recruitment team, 2016.
140	Executive Responsibility	Director of Industrial Engineering Postgraduate Education Department, 2017 – Current
141	Executive Responsibility	PhD interviewer, 2018 - Current
142	Executive Responsibility	Director General of Educational Services of Payam Noor University, 2018 - 2023
143	Executive Responsibility	Member of Payam Noor University Special Cases Commission, 2018 - Current
144	Executive Responsibility	Member of the scientific committee of the 16th International Industrial Engineering Conference, 2019
145	Executive Responsibility	EJOR editorial member, 2019
146	Executive Responsibility	Membership of the specialized commission for the promotion of scientific members, 2020-2022
147	Executive Responsibility	Member of Payam Noor University Council, 2018 - 2022
148	Executive Responsibility	Membership in the research training group of the International Center, 2019-2021
149	Executive Responsibility	The scientific secretary of the first entrepreneurship festival of the sacrificers, 2023

The Details of Researches (Updated: 2023/04/01)

150	Executive Responsibility	Membership in the Think Tank of the Ministry of Science, Research and Technology, 2023 - Current
151	Executive Responsibility	Membership in the Research Council of the Center for Complementary Education, 2023 - Current
152	Executive Responsibility	Membership in the educational council of the supplementary education center, 2023 - Current
153	Executive Responsibility	Membership in the research council of Tehran province, 2023 - Current
