CAREER OVERVIEW

As a **Professor of Organic Chemistry** and **Vice-Chancellor of Payame Noor University of Alborz**, I have established a strong track record in research, teaching, and academic leadership. Over the past 20 years, I have published more than **170 papers**, supervised over 110 Master's and PhD students, and taught a range of subjects at various universities. I have also served as **Deputy Head of Research** at both Payame Noor University of Zanjan and Payame Noor University of Alborz. In addition, I am the **Chairman** of the Iranian Chemical Science and Technologies Association and a member of the **reviewer boards** for several well-known journals. My research background is well developed in the fields of advanced materials, nanochemistry, organic synthesis, density functional theory (DFT), molecular docking, and machine learning.

EDUCATION

PhD: Organic Chemistry 2007-2010

[Sharif University of Technology](#), Tehran, Iran

Thesis: Controlled microwave-assisted synthesis of nanocatalysts and their catalytic activity in organic chemistry

Master of Science: Organic Chemistry (GPA: 4.71/5) 2004-2006

[Sharif University of Technology](#), Tehran, Iran

Thesis: Facile double Fries rearrangement of diesters under microwave irradiation; Application to the synthesis of a biogenetically rare type of natural phenol

Bachelor of Science: Applied Chemistry (GPA: 3.99/5) 1999-2003

[K. N Toosi University of Technology \(KNTU\)](#), Tehran, Iran

WORK EXPERIENCE

Vice-Chancellor, [Payame Noor University of Alborz](#), Iran 2025-present

Professor, [Payame Noor University of Alborz](#), Iran 2020-present

Researcher, [Azar Kavim Chemical Company](#), Tehran, Iran 2021-present

Deputy Head of Research, [Payame Noor University of Alborz](#), Iran 2018-2022

Associate Professor, [Payame Noor University of Alborz](#), Iran 2016-2020

Associate Professor, [Payame Noor University of Zanjan](#), Iran 2015-2016

Deputy Head of Research, Payame Noor University of Zanjan , Iran	2014-2016
Assistant Professor, Payame Noor University of Zanjan , Iran	2010-2015
Visiting Researcher, RWTH Aachen University , Aachen, Germany	2008-2009

5. Government scholarship for MSc (full tuition fee), Iran, 2004-2006
6. Ranked 6th in the *MSc entrance exam* among more than 2000 candidates, Iran, 2003
7. Government scholarship for BSc (full tuition fee), Iran, 1999-2003

SKILLS AND COMPETENCIES

Advance Material Synthesis: Synthesis of organic compounds, preparation of nanocatalysts, preparation of drug delivery systems, synthesis of peptides, and preparation chiral compounds by asymmetric synthesis

Expert at material characterization: GC-MS, NMR, FT-IR, XRD, SEM, UV-Vis and TEM

Computer skills: Gaussian and GaussView (DFT calculations), Molecular Docking, and ACD Lab

TEACHING SUBJECTS

1. Organic Chemistry III (MSc): Science and Research Branch, Islamic Azad University for international students
2. Heterocyclic Chemistry (MSc): Science and Research Branch, Islamic Azad University for international students
3. Advanced Organic Chemistry (MSc): Sharif University of Technology
4. Advanced Organic Chemistry (MSc): Payame Noor University
5. Advanced Physical Organic Chemistry (MSc): Payame Noor University
6. Advanced Organic Synthesis (PhD and MSc): Payame Noor University
7. Heterocyclic chemistry (PhD): Payame Noor University
8. Organic Spectral Analysis (BSc): Payame Noor University
9. Organic Chemistry Laboratory (BSc): Payame Noor University
10. Separation of Organic compounds (BSc): Payame Noor University
